

Mahammad Rasulzade

Student & Future Software Engineer

About Me

Mahammad Rasulzade born in the Nakhchivan Autonomous Republic of Azerbaijan. Mahammad is a young student preparing to start his university life in Turkey for the 2023-2024 academic year. He has been interested in computers since the age of 5 and his curiosity about them has only grown over the years. This interest has led him to pursue a degree in software engineering, which is also the field he wants to work in the future. Among his hobbies are programming, photo editing, playing video games, and cycling. Mahammad is a motivated and curious learner who is eager to achieve his goals. His passion for computer programming has only intensified over time as he has become more familiar with computers and the process of writing code. He believes that his passion will help him succeed as a software engineer by allowing him to approach software projects with creativity and enthusiasm. Mahammad's curiosity, determination, and creativity are driving him toward his goals. As a young and ambitious student of software engineering, he is well on his way to realizing his dreams.

Education

Junior Computer Academy Program from STEP IT Academy

2015 - 2019

As a result of the four-year Information Technologies program I completed here, I developed many skills. I learned to use Photoshop, took robotics lessons, and gained proficiency in coding and game design.

High School Degree from High School №18

2011 - 2023

I spent eleven years at this school, and it taught me a lot. I gained a lot of skills here, including the ability to work effectively in a team.
